# ALISON COWARD

Customer Solutions & SaaS Support Specialist

Estevan, Saskatchewan, Canada 306.415.0239 alison.eleece@gmail.com LinkedIn

## PROFESSIONAL SUMMARY

Customer Solutions Specialist with 20+ years of experience transforming challenges into positive outcomes. Known for exceptional listening, leading with empathy, practical problem-solving, and understanding what customers are trying to achieve. My nearly four years supporting Shopify's SaaS platform via phone, email, and chat included working with hundreds of merchants across varying technical backgrounds. That experience strengthened my information-gathering, technical troubleshooting, and documentation skills, along with my ability to explain complex concepts to non-technical users with clarity and patience.

## CORE CAPABILITIES

- Requirements Discovery
- Technical Troubleshooting
- Stakeholder Communication
- Ticket Triage
- Platform Configuration
- Customer Training
- Process Improvement
- E-commerce Support
- Project Coordination
- Documentation
- Cross-Team Collaboration
- Workflow Automation

## SYSTEMS & TOOLS

Salesforce | Zendesk | Shopify | Jira | Coda | Asana | Adobe Acrobat | Notion | Google Workspace | Google Apps Script | Slack | ChatGPT | Codex | Microsoft 365 incl. Excel | Claude | Claude Code

## PROFESSIONAL EXPERIENCE

**Customer Success / Customer Service Coordinator**

Zeitview | Remote | Oct 2025 – Aug 2026

- Served as main point of contact for assigned B2B clients in the Wind vertical, using Salesforce to manage day-to-day engagement, product calls, and business reviews.
- Delivered customer training and handled product questions, operational issues, and escalations, coordinating across Customer Success, Sales, Product, Operations, and Technical Support.
- Managed billing, purchase order reconciliation, and invoice tracking, ensuring accuracy and timely resolution across client accounts.
- Designed structured workflows that improved visibility, validation, follow-up, and consistency across multi-step operational processes.
- Built automated intake, validation, audit-tracking, and follow-up workflows using Apps Script, Sheets, Gmail, Drive, and Slack to reduce manual work and surface exceptions.

**Support Advisor**
Shopify | Remote | Mar 2021 – Jan 2025

- Provided high-volume SaaS support to Shopify merchants across phone, email, and chat using Zendesk, handling 50+ customer requests daily and maintaining ownership through resolution.
- Used targeted discovery questions to understand customer goals, identify blockers, and recommend practical platform configurations, workflows, and next steps.
- Guided merchants through platform setup and ongoing use across domains, email, shipping, POS, analytics, marketing tools, apps, integrations, and international markets.
- Diagnosed and resolved technical, configuration, billing, reporting, and operational issues using internal testing tools and structured troubleshooting.
- Collaborated with developers, app partners, and internal specialists when issues required deeper technical investigation or escalation.

**Administrator**
TS&M Supply | 2015 – 2020

- Managed customer records, pricing analysis, invoicing, payment follow-up, and recurring operational reporting.
- Reviewed pricing and margin information, resolved discrepancies, and maintained accurate records to support business decisions.

**Branch Office Administrator**
Edward Jones | 2011 – 2015

- Provided support to a Financial Advisor by managing client accounts, executing trades (equities and mutual funds), and ensuring compliance with financial regulations.
- Led marketing initiatives including direct mail campaigns, ad placements, seminars and trade shows to support client acquisition and engagement.
